Verge by We-Vibe™ Vibrating Ring

Verge by We-Vibe™ is a new and exciting way to experience pleasure. The unique design was created to massage the perineum by stimulating with gentle pressure and vibrations. The perineum is an erogenous zone between the scrotum and anus that responds to both pressure and vibration. Wear Verge on your own or try it during sex, so your partner can enjoy the rumbling vibrations too.

HOW IT WORKS

Verge is a vibrating penis ring designed to bring you pleasure on your own or with a partner. Worn around the penis and testicles, it provides stimulation to the perineum and your partner can enjoy the vibrations too.

RECHARGEABLE

Convenient and eco-friendly, Verge is rechargeable and lasts for up to 2 hours of play on a single charge. No need for costly and wasteful disposable batteries.
